VILLAGE OF HANOVER PARK FIRE DEPARTMENT
Sanitary Sewer Repairs

Location Requirements

Repairs within 5-feet of the building must be completed by a licensed plumber.

Repairs further than 5-feet of the building may be completed by a licensed plumber or a sewer contractor that is licensed/bonded with the village.

Any work that will disturb the public right-of-way (street, sidewalk, grass) must be approved by the Village of Hanover Park Engineering Department. Please call 630-823-5700.

Inspection Requirements

Work must be done in accordance with the "Standard Specifications for Water and Sewer Construction in Illinois" and the Illinois Plumbing Code.

Water main quality pressure rated pipe shall be used within 10-feet of potable water supply.

Connections to existing pipes shall be made with non-shear couplings.

Pipe shall be pitched and properly bedded to properly support the entire pipe.

After rough inspection, trench shall be appropriately back-filled and restored.

Whenever a trench must be left open, the site shall be secured to prevent access.

Permit Requirements

Provide written proposal of all work to be completed.

Provide (2) copies of plat of survey showing location of work.
