Re: Village of Hanover Park ("Village") Permit to Perform Soil Borings on a 23-Acre Portion of District Land Located Within the Hanover Park Water Reclamation Plant Premises North of Walnut Avenue. File No. 11-BEB-021

Dear Mr. Paul:

Enclosed for your records is one original fully executed Permit to perform soil borings on District land located within the Hanover Park Water Reclamation Plant Premises north of Walnut Avenue.

If you have any questions, you may contact Bernice Brown, Legal Assistant, at (312) 751-6572.

Sincerely yours,

Susan T. Morakalis
Head Assistant Attorney

STM/BEB
Enclosure

SOIL BORING PERMIT

THIS PERMIT made this 4th day of October, 2012, by and between THE METROPOLITAN WATER RECLAMATION DISTRICT OF GREATER CHICAGO, a municipal corporation, organized and existing under the laws of the State of Illinois hereinafter called "District," and the VILLAGE OF HANOVER PARK, a corporation organized and licensed to do business in the State of Illinois hereinafter called "Permittee".

ARTICLE ONE

1.01 The District for and in consideration of the permit fees hereinafter set forth, hereby issues to the Permittee a permit and license to use the following described real estate, situated in the County of Cook, State of Illinois, for the sole and exclusive purpose of performing soil borings to determine the soil composition and other environmental data on an approximately 23-acre parcel of District real estate north of Walnut Avenue, located within the Hanover Park Water Reclamation Plant premises, in Hanover Park, Illinois, and for no other purpose whatsoever. (For pictorial representation of Permit Premises, see Exhibit 1 attached hereto and made a part hereof).

1.02 This Permit shall be effective from the 15th day of October, 2012 to the 29th day of November, 2012, at which time Permittee shall vacate said premises and remove Permittee's effects therefrom at Permittee's cost, unless said Permit shall be terminated sooner by virtue of the provisions hereinafter provided.

ARTICLE TWO

2.01 Permittee hereby agrees that in consideration for the granting of this Permit, Permittee shall pay to the District a fee in the sum of TEN AND NO/100 DOLLARS (\$10.00) payable upon execution of this permit.

ARTICLE THREE

3.01 Permittee agrees and specifically understands that this Permit is confined solely to the non-exclusive privilege to Permittee to use the premises set forth in Article One, and no other; that the authority and permission herein given does not thereby grant unto Permittee any interest or estate in the said lands of the District and that the District retains dominion, possession and control of said lands, including access thereto at all times.

3.02 Permittee further agrees and specifically understands that the District shall have the right to enter upon the premises herein described for the purpose of making such surveys, soil borings or other purposes as may be deemed necessary by the District in the furtherance of its corporate purpose.

3.03 The District shall not be liable for any loss, cost or damage to the Permittee by reason of the exercise of the right to make such surveys, soil borings or other purposes as may be deemed necessary by the District in the furtherance of its corporate purpose.

ARTICLE FOUR

4.01 The District hereby reserves the right to cancel this Permit for any reason it deems appropriate upon giving five (5) days notice, in writing, of such termination to Permittee and thereupon Permittee shall vacate said premises and remove its effects therefrom, at Permittee's cost.

4.02 In the event Permittee uses or allows the premises to be used for any illegal or immoral purposes, or for any purpose other than that hereinabove specifically provided, or violates any of the provisions hereof, this Permit may be terminated by the District upon giving three (3) days notice, in writing, to Permittee, and thereupon Permittee shall forthwith vacate said premises and remove Permittee's effects therefrom, at Permittee's cost.

4.03 The District shall not be liable to Permittee for any loss, cost or damage incurred by the Permittee by reason of the exercise of the right of the District to cancel this Permit.

ARTICLE FIVE

5.01 The Permittee shall be solely responsible for and shall defend, indemnify, keep and save harmless the District, its Commissioners, officers, agents and employees, against all injuries, deaths, losses, damages, claims, patent claims, liens, suits, liabilities, judgments, costs and expenses which may in any wise accrue, directly or indirectly, against the District, its Commissioners, officers, agents or employees, in consequence of the granting of this Permit, or which may in anywise result therefrom or from any work done hereunder, whether alleged or shall be determined that the act was caused by negligence or omission of the Permittee, or Permittee's employees, or of any contractor or subcontractor, or their employees, if any, and the Permittee shall, at Permittee's sole expense appear, defend and pay all charges of attorneys and all costs and other expenses arising therefrom or incurred in connection therewith, and, if any judgment shall be rendered against the District, its Commissioners, officers, agents or employees, in any such action, the Permittee shall, at the Permittee's sole expense, satisfy and discharge the same.

5.02 (a) The Permittee, prior to entering upon said premises and using the same for the purposes for which this Permit is issued, shall procure, maintain and keep in force, at Permittee's or Permittee's contractors expense, public liability and property damage insurance in which the District, its Commissioners, officers, agents and employees, are a named insured as well as fire and extended coverage, and all-risk property insurance in which the District is named loss payee from a company to be

approved by the District, each afore-referenced policy shall have limits of not less than ("CLAIMS MADE" policies are unacceptable):

COMPREHENSIVE GENERAL LIABILITY
Combined Single Limit Bodily Injury Liability
Property Damage Liability
(Including Liability for Environmental Contamination of Adjacent Properties)
in the amount of not less than \$4,000,000.00
per Occurrence
and
ALL RISK PROPERTY INSURANCE
(Including Coverage for Environmental Contamination
of Permit Premises)
in the amount of not less than \$4,000,000.00
per Occurrence
INCLUDING
An Amount Not Less Than the
Replacement Cost of Improvements
Located on the Premises*

Prior to entering upon said Permit Premises, the Permittee shall furnish to the District certificates of such insurance or other suitable evidence that such insurance coverage has been procured and is maintained in force and effect. Upon District's written request, Permittee shall provide District with copies of the actual insurance policies within ten (10) days of District's request for same. Such certificates and insurance policies shall clearly identify the Permit Premises and shall provide that no change, modification in or cancellation of any insurance shall become effective until the expiration of thirty (30) days after written notice thereof shall have been given by the insurance company to the District. The provisions of this paragraph shall in no wise limit the liability of the Permittee as set forth in the provisions of 5.01 above, or

5.02 (b) Permittee prior to entering upon said premises and using the same for the purposes for which this Permit is granted, shall prepare and transmit to the District an acknowledged statement that the Permittee is a self-insurer, and that it undertakes and promises to insure the District, its Commissioners, officers, agents, servants and employees on account of risks and liabilities contemplated by the indemnity provisions of paragraph 5.01 above; and that such statement is issued in lieu of policies of insurance or certificates of insurance in which the District, its Commissioners, officers, agents, servants and employees would be a named or additional insured, and that it has funds available to cover those liabilities in the respective amounts therefor, as set forth as follows:

COMPREHENSIVE GENERAL LIABILITY
Combined Single Limit Bodily Injury Liability
Property Damage Liability
(Including Liability for Environmental Contamination of Adjacent Properties)
in the amount of not less than \$4,000,000.00
per Occurrence

and
ALL RISK PROPERTY INSURANCE
(Including Coverage for Environmental Contamination
of Permit Premises)
in the amount of not less than \$4,000,000.00
per Occurrence
INCLUDING
An Amount Not Less Than the
Replacement Cost of Improvements
Located on the Premises*

This statement shall be signed by such officer or agent of the Permittee having sufficient knowledge of the fiscal structure and financial status of the Permittee to make such a statement on behalf of the Permittee and undertake to assume the financial risk on behalf of the Permittee and will be subject to the approval of the District.

5.02 (c) Prior to entering upon said premises, and thereafter on the anniversary of said policy, the Permittee shall furnish to the District certificates of such insurance or other suitable evidence that such insurance coverage has been procured and is maintained in full force and effect.

5.03 Permittee expressly understands and agrees that any insurance protection required by this Permit, or otherwise provided by Permittee, shall in no way limit the responsibility to defend, indemnify, keep and save harmless the District, as hereinabove provided.

ARTICLE SIX

6.01 It is further expressly understood that the District shall not be liable to the Permittee for any loss, cost, or expense which the Permittee shall sustain by reason of any damage to its property or business caused by or growing out of the construction, repair, reconstruction, maintenance, existence, operation, or failure of any of the sewers, structures, or other works or equipment of the District now located or to be constructed on said premises, or on the land of the District adjacent to said premises.

6.02 The Permittee also agrees that if the District incurs any additional expense for additional work which the District would not have had to incur if this Permit had not been executed, then, in that event, the Permittee agrees to pay to the District such additional expense as determined by the Chief Engineer of the District, promptly upon rendition of bills therefor to the Permittee.

ARTICLE SEVEN

7.01 It is understood and agreed by and between the parties hereto that the Permittee shall not erect any structure of any type or kind upon said premises except with the consent, in writing, of the Chief Engineer first had and obtained.

7.02 The Permittee, prior to entering upon said premises and using the same for the purposes for which this Permit is granted, shall, at Permittee's sole cost and expense, obtain all permits, consents and licenses which may be required under any and all statutes, laws, ordinances and regulations of the District, the United States of America, the State of Illinois, the County, or the city, village, town or municipality in which the subject property is located, and furnish to the District suitable evidence thereof.

7.03 The Permittee covenants and agrees not to maintain any nuisance on the demised premises which shall be in any manner injurious to the health and comfort of persons residing or being in the vicinity of said premises, and the Permittee further covenants and agrees to keep the demised premises in a clean and sanitary condition.

7.04 The Permittee covenants and agrees that it shall strictly comply with any and all statutes, laws, ordinances and regulations of the District, the United States of America, the State of Illinois, the County and the city, village, town or municipality in which the subject property is located, which in any manner affect this Permit, any work done hereunder or control or limit in any way the actions of Permittee, its agents, servants and employees, or of any contractor or subcontractor of Permittee, or their employees.

7.05 Permittee covenants and agrees that on or before the termination date of this Permit, Permittee shall remove or cause to be removed, any and all debris created or placed on the premises by Permittee and any and all equipment, facilities, or other things erected or placed upon said premises, and will yield up said premises to the District in as good condition as when the same was entered upon by Permittee. Upon Permittee's failure so to do, the District may do so at the sole expense and cost of Permittee.

ARTICLE EIGHT

8.01 Any notice herein provided to be given shall be deemed properly served if delivered in writing personally or mailed by registered or certified mail, postage prepaid, return receipt requested, to the District in care of the Executive Director, 100 East Erie Street, Chicago, Illinois 60611, or to the Permittee in care of:

Rod Craig, Mayor
Village of Hanover Park
2121 West Lake Street
Hanover Park, Illinois 60133
Telephone: (630) 823-5900

and

Law Offices of Paul Z. Bernard

(815) 756-1312
E-mail: bernardzpaul@gmail.com

or to such other persons or addresses as either party may from time to time designate in writing.

8.02 In the event that the Permittee hereinabove contemplated shall consist of two or more parties, each and every party shall be jointly and severally liable for the faithful and complete performance of each and every provision of this Permit.

8.03 Permittee shall furnish to the District upon demand, reproducible copies of all surveys, soil boring logs, soil profiles, composition and strata data, soil analyses, or any other reports, resumes or data developed or obtained by Permittee pursuant to its activities on the Permit premises.

8.04 Prior to vacating Permit premises, Permittee shall fill all bore holes, trenches, profile excavations and any other voids made by the Permittee in the existing surface of the Permit site with compacted sand or indigenous soil.

8.05 Permittee expressly acknowledges that the District has made no representations, warranties, express or implied, as to the adequacy, fitness or condition of permit premises or the improvements upon the permit premises. Permittee accepts the permit premises and the improvements thereon, if any, "AS-IS" and "WITH ALL FAULTS". Permittee acknowledges that it has inspected the permit premises and has satisfied itself as to the adequacy, fitness and condition thereof.

ARTICLE NINE

GENERAL ENVIRONMENTAL PROVISIONS

9.01 DEFINITIONS

A. "Environmental Laws" shall mean all present and future statutes, regulations, rules, ordinances, codes, licenses, permits, orders, approvals, plans, authorizations and similar items, of all government agencies, departments, commissions, boards, bureaus, or instrumentalities of the United States, state and political subdivisions thereof and all applicable judicial, administrative, and regulatory decrees, judgments, orders, notices or demands relating to industrial hygiene, and the protection of human health or safety from exposure to Hazardous Materials, or the protection of the environment in any respect, including without limitation:

- (1) all requirements, including, without limitation, those pertaining to notification, warning, reporting, licensing, permitting, investigation, and remediation of the presence, creation, manufacture, processing, use, management, distribution, transportation, treatment, storage disposal, handling, or release of Hazardous Materials.

- (2) all requirements pertaining to the protection of employees or the public from exposure to Hazardous Materials or injuries or harm associated therewith; and
- (3) the Comprehensive Environmental Response, Compensation and Liability Act (Superfund or CERCLA) (42 U.S.C. Sec. 9601 et seq.), the Resource Conservation and Recovery Act (Solid Waste Disposal Act or RCRA) (42 U.S.C. Sec. 6901 et seq.), Clean Air Act (42 U.S.C. Sec 7401 et seq.), the Federal Water Pollution Control Act (Clean Water Act) (33 U.S.C. Sec. 1251 et seq.), the Emergency Planning and Community Right-to-Know Act (42 U.S.C. Sec. 11001 et seq.), the Toxic Substances Control Act (15 U.S.C. Sec, 2601 et seq.), the National Environmental Policy Act (42 U.S.C. Sec. 4321 et seq.), the Rivers and Harbors Act of 1988 (33 U.S.C. Sec. 401 et seq.), the Endangered Species Act of 1973 (16 U.S.C. Sec. 1531 et seq.), the Safe Drinking Water Act (42 U.S.C. Sec. 300 (f) et seq.), the Illinois Environmental Protection Act (415 ILCS 5/1 et seq.) and all rules, regulations and guidance documents promulgated or published thereunder, Occupational Safety and Health Act (29 U.S.C. Sec. 651 et seq.) and all similar state, local and municipal laws relating to public health, safety or the environment.

B. "Hazardous Materials" shall mean:

- (1) any and all asbestos, natural gas, synthetic gas, liquefied natural gas, gasoline, diesel fuel, petroleum, petroleum products, petroleum hydrocarbons, petroleum by-products, petroleum derivatives, crude oil and any fraction of it, polychlorinated biphenyls (PCBs), trichloroethylene, ureaformaldehyde and radon gas;
- (2) any substance (whether solid, liquid or gaseous in nature), the presence of which (without regard to action level, concentration or quantity threshold requires investigation or remediation under any federal, state or local statute, regulation, ordinance, order, action, policy or common law;
- (3) any substance (whether solid, liquid or gaseous in nature) which is toxic, explosive, corrosive, flammable, infectious, radioactive, carcinogenic, mutagenic, or otherwise hazardous or dangerous;
- (4) any substance (whether solid, liquid or gaseous in nature) the presence of which could cause or threaten to cause a nuisance upon the area subject to Permit or to adjacent properties or pose

or threaten to pose a hazardous threat to the health or safety of persons on or about such properties;

- (5) any substance (whether solid, liquid or gaseous in nature) the presence of which on adjacent properties could constitute trespass by or against Permittee or District;
- (6) any materials, waste, chemicals and substances, whether solid, liquid or gaseous in nature, now or hereafter defined, listed, characterized or referred to in any Environmental Laws as "hazardous substances," "hazardous waste," "infectious waste," "medical waste," extremely hazardous waste," "hazardous materials," "toxic chemicals," "toxic substances," "toxic waste," "toxic materials," "contaminants," "pollutants," "carcinogens," "reproductive toxicants," or any variant or similar designations;
- (7) any other substance (whether solid, liquid or gaseous in nature) which is now or hereafter regulated or controlled under any Environmental Laws (without regard to the action levels, concentrations or quantity thresholds specified herein); or
- (8) any result of the mixing or addition of any of the substances described in this Subsection B with or to other materials.

C. "Phase I Environmental Assessment" shall mean:

- (1) environmental assessments of real estate, bedrock and groundwater of the type found on the Permit Premises and said assessment shall include, but not necessarily be limited to a historical review of the use (abuse) of the Permit Premises, a review of the utilization and maintenance of hazardous materials on the Permit Premises review of the Permit Premises' permit and enforcement history (by review of regulatory agency records), a site reconnaissance and physical survey, inspection of Permit Premises, site interviews and site history evaluations, basic engineering analyses of the risks to human health and the environment of any areas of identified concerns, and preparation of a written report which discusses history, site land use, apparent regulatory compliance or lack thereof and which includes historical summary, proximity to and location of USTs, LUSTs, TSDFs, CERCLA site flood plain, maps, photograph log references, conclusions and recommendations.

D. "Phase II Environmental Assessment" shall mean:

- (1) an assessment of the Permit Premises and a reasonable area of the adjacent property owned by the District performed by an independent and duly qualified, licensed engineer with experience and expertise in conducting environmental assessments of real estate, bedrock and groundwater of the type found on the Permit Premises and said assessment shall include, but not necessarily be limited to, extensive sampling of soils, groundwaters and structures, followed by laboratory analysis of these samples and interpretation of the results, and preparation of a written report with boring logs, photograph logs, maps, investigative procedures, results, conclusions and recommendations.

9.02 MANUFACTURE, USE, STORAGE, TRANSFER OR DISTRIBUTION OF HAZARDOUS MATERIALS UPON OR WITHIN THE PERMIT

Permittee, for itself, its heirs, executors, administrators, and successors covenants that to the extent that any Hazardous Materials are manufactured, brought upon, placed, stored, transferred, conveyed or distributed upon or within the Permit Premises, by Permittee or its subtenant or assigns, or any of its agents, servants, employees, contractors or subcontractors, same shall be done in strict compliance with all Environmental Laws.

Construction or installation of new or reconstruction of any underground interconnecting conveyance facilities for any material or substance is not permitted without the advance written consent of the Chief Engineer of the District.

9.03 USE OF PREMISES (RESTRICTIONS - ENVIRONMENTAL)

Permittee shall use the Permit Premises only for purposes expressly authorized by Article 1.01 of this Permit Agreement. Permittee will not do or permit any act that may impair the value of the Permit Premises or any part thereof or that could materially increase the dangers, or pose an unreasonable risk of harm, to the health or safety of persons to third parties (on or off the Permit Premises) arising from activities thereon, or that could cause or threaten to cause a public or private nuisance on the Permit Premises or use Permit Premises in any manner (i) which could cause the Permit Premises to become a hazardous waste treatment, storage, or disposal facility within the meaning of, or otherwise bring the Permit Premises within the ambit of, the Resource Conservation and Recovery Act of 1976, Section 6901 et seq. of Title 42 of the United States Code, or any similar state law or local ordinance, (ii) so as to cause a release or threat of release of Hazardous Materials from the Permit Premises within the meaning of, or otherwise bring the Easement Premises within the ambit of, the Comprehensive Environmental Response, Compensation and Liability Act of 1980, Section 9601 et seq. of Title 42 of the United States Code, or any similar state law or local ordinance or any other Environmental Law or (iii) so as to cause a discharge of pollutants or effluents into any water source or system, or the discharge into the air of any emissions, which would require a permit under the Federal Water Pollution Control Act, Section 1251 of Title 33 of the United

States Code, or the Clean Air Act, Section 741 of Title 42 of the United States Code, or any similar state law or local ordinance.

9.04 CONDITION OF PROPERTY (ENVIRONMENTAL)

A. In the event Permittee has used the Permit Premises under a prior Permit agreement, Permittee warrants and represents that as a result of the Permit grant, the Permit Premises and improvements thereon, including all personal property, have not been exposed to release, contamination by any Hazardous Materials, that there has not been thereon a release, discharge, or emission, of any Hazardous Materials during its occupancy of the premises as defined by any Environmental Laws, and that the Permit Premises do not contain, or are not affected by underground storage tanks, landfills, land disposal sites, or dumps.

B. In the event of a release, emission, discharge, or disposal of Hazardous Materials in, on, under, or about the Permit Premises or the improvements thereon, during the term of this Permit (except such release, emission, discharge or disposal by the District, its employees, agents or its other permittees) Permittee will take all appropriate response action, including any removal and remedial action after the execution date of this Permit Agreement.

9.05 INDEMNIFICATION (ENVIRONMENTAL)

A. In consideration of the execution and delivery of this Permit Agreement, the Permittee indemnifies, exonerates, and holds the District and its officers, officials, Commissioners, employees, and agents ("Indemnified Parties") free and harmless from and against any and all actions, causes of action, suits, losses, costs, liabilities and damages and expenses incurred in connection with any of these (irrespective of whether any such Indemnified Party is a party to the action for which indemnification is here sought, including reasonable attorney's fees, costs and disbursements, incurred by the Indemnified Parties as a result of or arising out of or relating to (i) the imposition of any governmental lien for the recovery of environmental cleanup costs expended by reason of Permittee's activities; or (ii) any investigation, litigation, or proceeding related to any environmental response, audit, compliance, or other matter relating to the protection of the environment, resulting from or related to Permittee's activities; or (iii) the release or threatened release by Permittee, its subsidiaries, or its parent company, of any Hazardous Materials, or the presence of Hazardous Materials on or under the Permit Premises, (except such presence created by the District, its employees, agents or its other permittees), or any property to which the Permittee, its parent company or any of its subsidiaries has sent Hazardous Materials, (including any losses, liabilities, damages, injuries, costs, expenses, or claims asserted or arising under any Environmental Law), to the extent caused by or within the control of the Permittee, its parent company or its subsidiaries, provided that, to the extent District is strictly liable under any Environmental Laws, Permittee's obligation to District under this indemnity shall be without regard to fault on the part of the Permittee with respect to the violation of law which results in liability to the District.

9.06 ENVIRONMENTAL COVENANTS

Permittee agrees to and covenants as follows:

A. Permittee covenants and agrees that, throughout the term of the Permit Agreement, all Hazardous Materials which may be used by Permittee or person permitted by Permittee upon the Permit Premises shall be used or stored thereon only in a safe, approved manner, in accordance with all generally accepted industrial standards and all Environmental Laws.

B. Permittee has been issued and is in compliance with all permits, certificates, approvals, licenses, and other authorizations relating to environmental matters and necessary for its business, if any.

C. Permittee, to the best of its knowledge, is not a potentially responsible party with respect to any other facility receiving waste of the Permittee (whether or not from the Permit Premises) under CERCLA or under any statute providing for financial responsibility of private parties for cleanup or other actions with respect to the release or threatened release of any Hazardous Materials.

D. Permittee will take all reasonable steps to prevent a violation of any Environmental Laws and to assure that there will be no spill, discharge, leaks, emission, injection, escape, dumping, or release of any toxic or Hazardous Materials by any persons on the area to be used and under the Permit Agreement.

E. Permittee will not allow the installation of asbestos on the area described in Exhibit A or any item, article, container or electrical equipment, including, but not limited to, transformers, capacitors, circuit breakers, reclosers, voltage regulators, switches, electro-magnets and cable, containing PCBs.

F. The aforesaid representations and warranties shall survive the expiration or termination of the Permit Agreement.

G. Grantee shall be responsible to install "plugs" of compacted impermeable soil material at intervals of no greater than 100 feet between such plugs along utility trenches which have been backfilled with compacted granular materials in order to minimize cross-site and off-site environmental contaminant migration. The spacing of these plugs should be based on the characteristics of the site, the configuration of the trench or trenches, the characteristics (nature and extent) of the site environmental contamination, and/or the potential for site contamination should a surface or subsurface chemical release occur. Special emphasis should be placed on locating these plugs at all utility trenches where they cross other utility trenches,

containment berms or walls, property boundaries, and lease boundaries.

9.07 COVENANTS (ENVIRONMENTAL)

Permittee shall cause its parent company and each of its respective subsidiaries, contractors, subcontractors, employees and agents to:

A. (1) Use and operate all of the Permit Premises in compliance with all applicable Environmental Laws, keep all material permits, approvals, certificates, and licenses in effect and remain in material compliance with them;

(2) undertake reasonable and cost-effective measures to minimize any immediate environmental impact of any spill or leak of any Hazardous Materials caused or permitted by Permittee;

B. Notify District by telephone within two hours of the release of Hazardous Materials, including the extent to which the identity of the Hazardous Materials is known, the quantity thereof and the cause(s) of the release, and provide District within 72 hours of the event, with copies of all written notices by Permittee, its parent and its subsidiaries that are reported to government regulators or received from the governmental regulators.

C. Provide such information that District may reasonably request from time to time to determine compliance by the Permittee with this Article.

D. Permittee covenants and agrees to cooperate with District in any inspection, assessment, monitoring or remediation instituted by District during the Permit Agreement.

9.08 COMPLIANCE (ENVIRONMENTAL)

The Permittee will cause its parent company and each of its subsidiaries, if any, to exercise due diligence to comply with all applicable treaties, laws, rules, regulations, and orders of any government authority.

A. In the event of a spill, leak or release of hazardous waste carried by Permittee, its employees or its agents, Permittee shall conduct a Phase I Environmental Assessment, at its own expense, with respect to the Permit Premises and a reasonable area of the adjacent property owned by the District, and submit the written report to the District within 90 days after the spill, leak or discharge. After review of each Phase I Environmental Assessment, District, at its sole discretion, may require Permittee, at

Permittee's expense, to obtain a Phase II Environmental Assessment with respect to the premises used under the Permit Agreement. The written report of the Phase II Environmental Assessment shall be submitted to District within 120 days of District's request for same. If the Phase II Assessment discloses the presence of any Hazardous Materials contamination on the Permit Premises or adjacent premises, Permittee shall take immediate action to remediate the contamination and to restore the Permit Premises described in Exhibit A and adjacent premises owned by the District to a clean and sanitary condition and to the extent required by any and all environmental laws.

B. Capacitors, transformers, or other environmentally sensitive installations or improvements shall be removed at the end of the Permit Agreement, at District's election.

C. If any Environmental Assessment reveals, or District otherwise becomes aware of, the existence of any violation of any Environmental Laws that either Permittee is unwilling to remediate or that District is unwilling to accept, District shall have the right and option to terminate this Agreement and to declare it null and void.

D. In the event Permittee should receive a Notice of Environmental Problem, Permittee shall promptly provide a copy to the District, and in no event later than seventy-two (72) hours from Permittee's and any tenant's receipt or submission thereof. "Notice of Environmental Problem" shall mean any notice, letter, citation, order, warning, complaint, inquiry, claim, or demand that: (i) the Permittee has violated, or is about to violate, any Environmental Laws; (ii) there has been a release, or there is a threat of release, of Hazardous Materials, on the Permit premises, or any improvements thereon; (iii) the Permittee will be liable, in whole or in part, for the costs of cleaning up, remediating, removing, or responding to a release of Hazardous Materials; (iv) any part of the Permit Premises or any improvements thereon is subject to a lien in favor of any governmental entity for any liability, costs, or damages, under any Environmental Laws, arising from or costs incurred by such government entity in response to a release of Hazardous Materials, Permittee shall promptly provide a copy to the District, and in no event later than seventy-two (72) hours from Permittee's and any tenant's receipt or submission thereof.

9.09 INSPECTION AND RIGHT OF INSPECTION (ENVIRONMENTAL)

A. In the event Permittee gives notice pursuant to the provisions of Notice of Environmental Problem, within ninety (90) days Permittee shall submit to District a written report of a site assessment and environmental audit, in scope, form and substance and prepared by an independent, competent and qualified, professional, registered engineer, satisfactory to the District, showing that the engineer made all appropriate inquiry consistent with good commercial and customary practice, such that, consistent with generally accepted engineering practice and procedure, no evidence or indication came to light which would suggest there was a release of substances on the Permit Premises which could necessitate an environmental response action, and which demonstrates that the Permit Premises complies with, and does not deviate from, all applicable environmental statutes, laws, ordinances, rules and regulations, including licenses, permits, or certificates required thereunder, and that the

Permittee is in compliance with, and has not deviated from, the representations and warranties previously set forth.

B. District hereby expressly reserves to itself, its agents, attorneys, employees, consultants, and contractors, an irrevocable license and authorization to enter upon and inspect the Permit Premises and improvements thereon, and perform such tests, including without limitation, subsurface testing, soils, and groundwater testing, and other tests which may physically invade the Permit Premises or improvements thereon, as the District, in its sole discretion, determines is necessary to protect its interests.

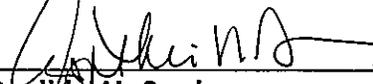

ARTICLE TEN

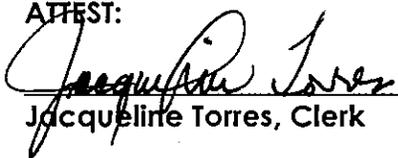

10.01 Prior to drilling, Permittee shall provide the District with a map of the parcel marking the proposed drilling locations so that District staff can confirm that no active utilities exist in those locations.

10.02 Permittee shall contact the District's Site Remediation Section at (708) 588-4314, and provide 10 day's notice prior to drilling so that the Site Remediation staff can schedule review of the drilling operations as they occur.

IN WITNESS WHEREOF, on the day and year first above written, the parties hereto have caused these presents, including Riders and Exhibits, if any, to be executed in triplicate by their duly authorized officers, duly attested and their corporate seals to be hereunto affixed.

VILLAGE OF HANOVER PARK
2121 LAKE STREET
HANOVER PARK, ILLINOIS 60133

CONTRACT

THIS AGREEMENT made this 5th day of April, 2013 by and between the Village of Hanover Park, an Illinois municipal corporation hereinafter called the "Owner" and DEM Services, INC.

located at 1765 Cortland Court Suite A Addison, IL. 60101 hereinafter called the "Contractor". WITNESSETH:

WHEREAS, the Owner has heretofore solicited Bid Proposals for all labor and materials necessary to complete the work specified in the Police Department Firing Range
De Commissioning

WHEREAS, the Owner has found that the Contractor is the lowest responsible bidder for said work and has awarded the Contractor this contract for said work.

NOW, THEREFORE, for and in consideration of their mutual promises and agreements, the parties hereto do hereby agree as follows:

1. The Contractor agrees to furnish all materials, supplies, tools, equipment, labor and other services necessary to commence and complete the Police Department Firing Range
De Commissioning in accordance with the conditions and prices stated in the Invitation To Bid, Instructions To Bidders - General Conditions, Special Conditions, Specifications and Bid Proposal all of which are made a part hereof and herein called the "Contract Documents".
2. The Owner will pay the Contractor in the amounts, manner and at times as set forth in the Contract Documents.

IN WITNESS WHEREOF, the parties hereto have executed, or caused to be executed by their duly authorized officials, this Contract as of the day and year first above written:
