**IV. Old Business**

Medicine Collection- The SCARCE bulleting has the locations where we can take old medicine for disposal (Police Departments). We will also put this info on the new webpage.

River Sweep – We decided that we would like to reschedule this for October 10, 2009 from 9:00 a.m. to 12:00 p.m. at the same place. Howard can let us know if it is ok.

Clean Air Counts – We would like to recommend membership to this in the June 18, 2009 Village Board Meeting.

Green Cleaning Supplies- We need to look at this in the future.

Recycling event – We talked about the details of the event in September. The Village Staff seemed to ok with the date and location. We will need to change the entrance to at the stoplight. Glenn Dailey revised the drawing to reflect this change. We will invite some of the participants to our next meeting to pin down locations of booths (areas) and determine who we want there to collect recyclables. Kay McKean of SCARCE will be there along with some one from Suburban Tire and Lions Club. We want to present the plan to the Village Board at the July 2, 2009 meeting. We also need to ask about publicity plans for the event. Rich Galer said that he might be able to set-up his water barrel for the event. We also need to set-up ground rules for the event.

Website development – We talked about the articles that people have written and reviewed. Shari and others are looking at finalizing the articles soon so we can put them on the Village webpage.

Committee/commission on the webpage- Howard was going to check to see why our info is not currently on the webpage.

Garbage contract – We will look at this when it comes up for renewal

Reappoint Environmental Committee – Everyone the committee sent or dropped off the paperwork to be on the committee for four years.

## **V. New Business**

Recommendation to add auxiliary members to the committee- We talked about adding at least 5 auxiliary members to the committee. Howard can you look into this for our next meeting (revising the ordinance?)

Suggestions from Russ Wart resident- Look at webpage [www.greenbiz.com](http://www.greenbiz.com) to get ideas on green ideas for the Village. Also, he suggested that we have a podcast, video or tape of items that we are putting on the webpage.

Cerena will be attending the Greener Landscapes Day at the DuPage County Fair Grounds and talk with vendors about us maybe purchasing or promoting purchasing rain barrels and or native plants.
